The water race provides enjoyable walking through mostly dry forested hillsides. I may be able to book lunch at the restaurant at the Garden of St Erth, called the Fork to Fork Cafe.					
Sun	23-May	Goldfields Track 2: Ballarat to Chapel Flat	M 16km	125km W	Suzanne (Mentor- Richard)	
This is a repeat of the Goldfields Track #2 walk that Kim Rosen ran, with a few variations off the main track. It is a one way walk that starts in Ballarat. The first 5 km follow the pretty Yarrowee River path through Black Hill (site of a large open cut mine), Brown Hill and bird wetlands, before moving through lovely native forest, passing landmarks including Nuggety Dam and the White Swan Reservoir. We will walk through old gold diggings, eroded gullies, a water race and numerous unprotected shafts, some with very large drops.						
Thurs	27-May	Pound Bend Warrandyte	E 5km	17km NE	Alfred	
The walk is along the Yarra Loop with beautiful view of the Yarra and steep hillside on the opposite side. Then along some open grass area with plenty of kangaroos. The trail then goes through bush trees back to the Pound Bend tunnel cut last century by gold miners. The area is a traditional Wurundjeri land.

Sun	30-May	Goldfields Track 4: Creswick - Crossroads	MH 19km	128km NW	Kim	
This walk starts at St Georges Lake and continues through the Creswick State Forest to Dean and on to the Mollongghip area. The last few kilometres are along quiet straight stretches of rural sealed and unsealed roads. This sets us up for lovely forest walking on the next section. Max of 8 BBI walkers (Preference to full distance GT Walkers).

#### М 6-Jun **Goldfields Track 5: Crossroads - Sailors Creek Road** Sun 15km Continuing through the Mollongghip area the track enters the Wombat State Forest and follows the route of Anderson's Tramway. The walk continues along old tramways, passes Mullens Dam, and arrives at Wombat Station, a good spot for lunch. The forest walk continues until the end of this section at Sailors Creek Road. Max of 8 BBI walkers (Preference to full distance GT Walkers). Ε Thu 10-Jun **Beaches and Canals** 11km The walk starts at Brighton Beach Station and finishes at Gardenvale Station. We walk up the Bayside path to Elwood then turn east and follow the Elwood and Elster Canals to Gardenvale. There are various interesting features, along the Elwood Canal in particular. Mostly on sealed paths and no hills to speak of. We will have morning coffee in a cafe at the Brighton Baths and lunch in a cafe at the end of the walk. M 18km Mid-Winter Day/Night Trentham Blue Mount E 6km Sat 12-Jun Domino Trail + Social dinner EM 12km Walk, dinner, night walk in the bleak midwinter! Quirky hotel with delicious food for dinner, choose your walk section or distance. Climb Blue Mount & explore the old cemetery, wander the bush tracks, finish with the rail trail in the dark. Or simply join in for dinner. Many options on offer for all interests & abilities. Beanies, gloves, etc for sure! EM Sun 13-Jun Plenty Gorge; South Morang 14km Although Plenty Gorge Park is mainly regenerating farmland and is surrounded by suburbia, the gorge itself is quite well preserved, and presents a variety of interesting natural scenery. This is an elongated circuit walk, in the northern section of the Park. It starts at the old Le Page Homestead and, if the water is not too deep, crosses the river at a ford at the southern end; otherwise at a footbridge halfway up. At the northern end there is another small footbridge to re-cross. There are no hills, but several of the undulations can be quite slippery when wet Wed 16-Jun **CLUB MEETING** Μ 17-Jun Wandong/Clonbinane Thu 14km still evident.

#### Sun 20-Jun Short & Steep: Sherbrooke East Lyn 7km SE Another quick fitness boost. A scenic loop from Grants Picnic Ground with a few steep climbs

including Paddy's Track. Finish before lunch.

**Emerald to Gembrook and back** 

Sun

20-Jun

#### 26km Following Puffing Billy along the Eastern Dandenong Ranges Trail. An undulating walk on made gravel trails through farmland, historic rail/industrial areas, forests and the Emerald Lake picnic area. Fabulous vistas. Get a coffee at Gembrook over lunch (don't normally get that on a bushwalk). A long full day winter walk on the day before the solstice - you will definitely need warm clothing including beanies and gloves. Some 500+m climbing. Maximum of 15 walkers.

Sat 5-Jun Short & Steep: Sherbrooke Falls

8km Get those COVID legs back into climbing hills on this morning walk. Slow and steady on the steep tracks on both sides of Sherbrooke Creek.

#### Sun 6-Jun **Glen Iris to Deepdene**

14km Walk from Glen Iris, along Gardiners Creek and then along the Anniversary Trail, following the route of the Outer Circle Line to Whitehorse Rd. Then we will catch a tram, returning along Burke Rd to Gardiners Creek and walk back to the start. Please remember to bring a Myki card and a mask for the tram trip.

### 65km Fran Ν On the western side of Kinglake National Park, this walk uses four-wheel drive and trail bike tracks very busy at the weekend but unlikely to see vehicles on a weekday. 	BASE CAMP - Swan Reach	Man	300km		
Mon 18 - Fri 22 October	Gippsland	Var	Е	Fran	

Based at Swan Reach Caravan Park, between Bairnsdale and Lakes Entrance, both easy walks along the coast, rail trails and lakes and harder walks in the Colquhoun Forest and the Mitchell River and Nicholson River areas are possible depending on who signs on for this base camp. Planned last year as a bushfire recovery excursion - now bushfire and Covid recovery - plan to eat out and shop local as much as possible.
